2003 – 2007 Committee Member

2007 – 2009 2nd Vice President

Owner /Director - Yong Chuan Motor Trading (1987)
Managing Director - Autowell Credit Pte Ltd (1995)

I joined the Singapore Swimming Club in 2000. From the start of my membership, I have been a keen participant of several social and sporting activities of the Club. Married to Dorothy, I have two children of school going age and run my own business concern. My family comes often to the Club because of the wide range of activities for everyone in the family and the safe, friendly environment within the Club grounds that makes it truly a premier family club.

Being an avid sport person I particularly enjoy participating in a friendly game of Pool, Bowling, Badminton or Table Tennis and hang out regularly at the Club's gym. My other favourite pastime interests are dancing and cooking. The Club's D Tanjong Lounge is another popular spot for me and my wife to relax and dance in the evenings.

Although I have been a member for less than 10 years, I have made many friends in the Club and enjoyed all the facilities. Last year, I was approached by the Sports Chairman of the Club, Mr. William Kwok, to head the golfing section as Golf Convenor. I duly obliged as I feel that one should not just reap the benefits and not be willing to contribute to support the Club's programmes for members. This year, I was asked by the Club's Management Committee members to offer as a candidate of the New Wave Team in the election for 4 Management Committee members for 2009. I have no qualms on serving the club as a team member under the current capable and honest leadership team.

I consider myself as a team player and share the present management team's goal of developing the club to be a place where our children can excel in swimming and other sports and inculcate good sporting values. I subscribe to a culture of friendliness and sociability within the club. The team's vision for tomorrow can be realised if all members of the Club buy-in. With your approval, I intend to make a start by committing my time to serve in the Management Committee.
